NANG SHEN HOM

JUNIOR SOFTWARE ENGINEER

PERSONAL PROFILE

A Junior Developer with a passion for learning and creating simplicity. As an immigrant from Myanmar, I have multi-cultural perspective in the world which I bring to the work that I do. I've recently completed General Assembly's Software Engineering Immersive and now looking for job opportunities that allow me to continue learning and growing in the tech field.

Experience

General Assembly | June 2020-SEP 2020

- 12 Weeks of intensive Software Engineering Bootcamp training
- Created Apps using variety of front and back-end technologies such as HTML, CSS, JavaScript, Node.js, React, SQL, Ruby, Rails, Git, Express.
- Created a full CRUD app /game using React using back end and front end with Express.

EDUCATIONAL HISTORY

Pre Calculus Mathematics MTH 130(3.0 credit)
Intro to Probability and Statistics MTH 113(3.0 credit)
Calculus class(3.0 credit)
