ABOUT

A software engineer with a background in education, I am motivated by making improvements and seeing my own growth. My experience as a language instructor taught me how to express myself clearly and communicate with other people better. I have spent much of my life living outside the U.S., so I see the world from a multicultural lens which allows me to tackle problems from different perspectives. I am passionate about making an impact on society through code and education.

WORK EXPERIENCE

Software Engineering Immersive

06/20-09/22

General Assembly

New York, NY

- Learned full-stack development using HTML, CSS, Java Script, jQuery, Express, Ruby, Rails, Python, Django, Vue CLI, Heroku, and Netlify
- Projects:
 1. Wrong Answer Note: Users sign up and login and then record their own errors and solutions.
 - Technologies: Python, Django, Vue CLI, Buefy, HTML, CSS
 2. Tello: A clone of the popular productivity app Trello. Users can sign up and organize projects and track schedules.
 - Technologies: Ruby, Rails, Vue, CSS, Bootstrap
 3. My Album: Allows users to get, create, update, and delete their images with short notes
 - Technologies: JavaScript jQuery, Mongoose, Express, HTML, CSS

Korean Instructor

05/19-03/20

ABC Languages

New York, NY

- Conducted private tutoring classes requiring custom curriculum and class material best suited for each student
- Managed class schedules and sometimes parents, creating an efficient and convenient strategy to conduct classes
- Interacted with private program manager to constantly review performance and gain client feedback, ensuring transparency, accountability and that students' needs are being met

English Instructor

01/16-02/18

Pagoda Academy

Seoul, South Korea

- Participated and created online marketing and educational streams and videos, increasing both current student engagement and new student enrollment
- Instructed TOEIC (Test of English for International Communication) classes containing up to 200 adults, successfully helping them to transition and grow their careers
