SUMMARY OF QUALIFICATIONS

Methodical, organized, and motivated programmer and educator, with a full stack development certification from a Java bootcamp and 5 years of teaching, coaching, and administration experience with a debate league. Experienced in developing web applications in Java 11 with maven and the Spring Framework, MySQL, web site and frontend development with libraries such as jQuery and Bootstrap, as well as related workflow technologies like Git, etc. My interests are web and software development, research, teaching, and music. Seeking opportunities to use my programming skills to create practical solutions for people, with the goal of working one day working in medical technology: using and creating software for new medical innovations, laboratories, and health administrations.

EDUCATION

The Software Guild – TechHire at LaGuardia Community College 2/2020 – 11/2020 – Long Island City, NY

- *Coding bootcamp in Java* – Courses in Web Development, Object-Oriented Programming and Database-Driven Web Applications

Hunter College 9/2013 to expected 12/20 - New York, NY

- *Yalow Scholar* - Women and Gender Studies Major, Philosophy Minor, Major GPA = 3.8

Brooklyn Technical High School 9/2009 to 5/2013 - Brooklyn, NY

- Gateway to Medicine Major

TECHNICAL SKILLS

- Java 11
 - Junit/Jupiter Testing Suites
- MySQL
 - Thymeleaf View Engine
- Spring Framework
 - Spring Boot
 - Spring Web
- Spring Security
- Spring MySQL with JDBC API
- HTML/CSS/JavaScript
 - jQuery
 - Bootstrap 4
- Git VCS
- PlantUML
- Microsoft Office and Google Suites

PROJECTS

The Software Guild

- *Blog Content Management Site* – Blog web app using Spring full stack technologies with a MVC pattern, dependency injection, full Jupiter testing suite, MySQL datastore, security and authentication for administrative and content creator roles, with Thymeleaf, Bootstrap, and the Tiny MCE editor API on the front end to allow for full CRUD of static or non-static multimedia blog posts that can post and expire on schedule
- *Hero Sightings App* – Team leader for a group project where we created a web app that was a public record of superhero/villain sightings using Spring full stack technologies, also using MySQL and MVC pattern and Jupiter testing on the backend, with Thymeleaf, Bootstrap, jQuery, and Google Maps Static and Embed API's on the front end.
- *5 Day Weather Forecast* – Front end website with the current and 5-day weather forecast for your zip code using the Open Weather API, jQuery, and Bootstrap
- *SG Flooring* – Mock flooring company console application with Spring back end technologies in a MVC structure, file read-in and persistence, Jupiter testing for the model and service layers, and AspectJ AOP for exception handling
- *Vending Machine* – Backend exclusive version using Spring backend technologies, and a frontend exclusive version using jQuery and Bootstrap

WORK & LEADERSHIP EXPERIENCE

American Debate League
Agape Leaders Institute

2/2014 to 9/2019 – New York City and Long Island, NY

Borough Director for Queens (June 2018 – September 2019)

- Managed the Bronx, Queens, and Long Island schools and their respective on-site teachers and coaches within the league
- Helped write curriculums and finalize classroom and competitive materials, and professionally developed elementary through high school teachers and ADL staff to become certified public forum debate instructors for novice, junior varsity, and varsity levels
- Directed the elementary, junior varsity, and varsity divisions of local ADL tournaments where I worked with floor managers to run rounds, ensured quality control on results tabulation, and directed awards ceremonies
- Collaborated with several organizations, including various Community Education Councils, and universities like St. John's University and Queens College, to organize debate related events and bring debate and public speaking to schools, community centers, campuses, etc.
- Managed out of state trips to national and regional circuit tournaments, where students I coached consistently cleared into the finals of the novice and junior varsity divisions in public forum debate, including a team who won the Novice division of the Lakeland Westchester Classic in Winter 2019
- Directed summer camps throughout Queens, Long Island, and New Jersey, where I managed ADL staff, taught the varsity MS and HS classes, and helped direct the camp tournaments

Borough Coordinator for Bronx, Queens, and Long Island (September 2017 – June 2018)

- Coordinated the Bronx, Queens, and Long Island schools along with their assigned ADL staff, directly coaching and advising teachers on how to effectively coach their teams
- Developed curriculums and prepared materials for teachers and departments in schools and extracurricular programs, as well as competitive materials for debaters
- Served as a floor manager at local ADL tournaments where I ran debates for an entire division and helped tabulate results

Senior Debate and Public Speaking Instructor (February 2014 – August 2017)

- Taught elementary, middle, and high school students competitive public forum debate and public speaking, and coached them in preparation for regional and national debate tournaments
- Judged at local ADL tournaments a school year and assisted in awards ceremonies
- Taught summer camps where I lectured, coordinated activities and labs, and judged rounds of camp tournaments

H&M

4/2014 to 1/2015 – 5th Ave

Cashier

- Handled cash, debit, and credit sales

Sales Associate

- Aided customers with outfit building, restock merchandise, and oversaw the fitting rooms

American Eagle Outfitters

Summer of 2013 – Herald Square

Cashier

- Handled cash, debit, and credit sales
- Open store cards for customers

Sales Associate - Denim Expert

- Designated as one of the primary denim sellers on the floor - aided both customers and sales associates with completing outfits via multiple washes of denim

SKILLS

-
- Currently self-learning C++ and Python knowledge - can create a variety of basic console applications in both languages
 - Exceptional ability in persuasive speaking, communication, and leadership - Alumni of the NYC Urban Debate League and BTHS Debate as a varsity policy debater, and the CUNY Policy Debate team as an open debater
 - Some ability to speak and write Spanish
