SUMMARY

Recent graduate of a Java coding bootcamp with experience developing full-stack web applications using Java, Spring Framework, SQL, HTML, CSS, and JavaScript. Enjoy working with others and not afraid to seek help when in need and provide help when others are struggling. Fluent in English, Tibetan, and Hindi. Seeking opportunities to leverage web development skills in HTML, CSSS, JavaScript and Java.

EDUCATION

The Software Guild TechHire at LaGuardia Community College   Long Island City, NY
Coding Bootcamp in Java   October 2020
- Course in Object-Oriented Programming and Database-Driven Web Applications

LaGuardia Community College, City University of New York   New York, NY
Licensed Practical Nurse(LPN)   Nov 2019

Wilson Allen Health Careers Institute   Bronx,NY
Home Health Aide(HHA)   April 2019

Jain University   Bangalore, India
Bachelors in Computer Science   August 2012
- Minors in Math and Statics

Relevant Coursework: Introduction to Web Development, Object-Oriented Programming, Database-Driven Web Applications, Principles of Web Design, Algorithms and Computer Programming.

TECHNICAL SKILLS

• Java	• HTML/CSS/JavaScript	• Spring MVC	• Version Control (Git)
• Python	• Bootstrap Framework	• Spring JDBC	• Thymeleaf
• SQL	• jQuery	• Spring Security	• Microsoft Office Suite

PROJECTS

Software Guild Portfolio
- Blog Management Website - Utilizing a layered MVC architecture with View, Controller, Service Layer, DAO and DTO components. Used JdbcTemplates to interact with the database. Utilize dependency injection between Controller, Service Layer and DAO tiers. Used appropriate error handling and user input validation. Used Spring Security features to properly secure pages and database objects. Created a full test suite for all the DAOs.
- Superhero Sightings - Designed relational database using MySQL and integrated with Java code using Spring Jdbc Templates. Created unit tests for each of the DAO layers by utilizing the power of Test driven methodology . And build a Spring Boot web application powered by thymeleaf.
- DVD Library -DVD collection using CRUD methodologies, Spring MVC pattern and dependency injection.
- Vending Machine website using HTML, CSS, JavaScript, Jquery, Bootstrap, and REST APIs by building a dynamic user-interface consuming a REST API.
- Guess the Number REST service - Created a Spring Boot REST application using JDBC Template to access the database.

EXPERIENCE

Elmhurst Care Center, *Rehab Transporter*   East Elmhurst , NY
- Transporting residents to the rehab facility and making sure they get therapy on time.   July 2014 – May 2018
