PROJECTS + SKILLS

Vending Machine

Built a user interface for a Vending Machine web application using XML, HTML, CSS, Bootstrap, and JavaScript. Implemented REST web services with jQuery and AJAX.

Superhero Sightings

Created a web app using JDBC to reference a MySQL database with CRUD+ features. Protected content on multiple JSPs using Spring Security and utilized MVC architecture with DAO and Service layers.

- Java Object-Oriented Programming
- HTML/CSS, Bootstrap Framework, JSPs, JSTL
- Netbeans IDE, Maven Apache, Apache Tomcat
- Spring Core, Spring Boot, Spring Framework
- Spring DI, Spring Forms, Spring Security
- MySQL, JDBC
- jQuery, JSON, AJAX, REST APIs
- Version Control (Git), Bitbucket, JIRA, Crucible
- Wireframes, Class and Data Modeling

EXPERIENCE

Programming Instructor

The Coding Space | New York, NY | January 2019 - Current

- Taught JavaScript, HTML/CSS and Scratch in a school setting.
- Tutored children individually and in small groups to help with difficult subjects.
- Employed Socratic and "The Power of Yet" techniques to encourage student learning and build community.
- Observed and assessed student performance, keeping thorough records of progress through daily evaluation.
- Accepted coaching from fellow teachers and administrators and immediately incorporated feedback.

Web Designer Developer

Freelance January 2017 - June 2018

- Created web prototypes including wireframes and HTML mockups for branded and unbranded websites.
- Ensured website was integrated with client's hosting account and protected client's content through SFTP.
- Worked with HTML/CSS, and Bootstrap framework to sell products on a web-based platform.

Journalism Intern

City News Group | Grand Terrace, CA | May 2014 - September 2014

- Interviewed sources, contacts and leads to gather information for stories.
- Used Microsoft Word and Adobe Photoshop to produce professional pieces and pictures.
- Drafted, edited, and submitted community event pieces that were published in newspaper.
