SUMMARY

Creative, analytical, and fast learning developer, seeking a position Front End or Full Stack Web Development.

EDUCATION

OpenCode TechHire, New York City
Full Stack Certificate

MARCH 2019 - DECEMBER 2019

LaGuardia CC CUNY, New York City
Associate of Science

SEPTEMBER 2017 - DECEMBER 2019

PROJECTS

Game of Life in Color — using p5.js

Inspired by John Conway's Game of Life, this project is a user interactive grid, where pixels change color based on mouse output.

Coder's Cafe Site — using HTML, CSS, Javascript, & Bootstrap

Designed and developed a mock website to demonstrate web dev concepts.

Morse Code Translator — using Java

Created a console application that given Morse code input, outputs ASCII.

EXPERIENCE

Mamajuana Cafe Restaurant, Woodside, NY — Busser

JULY 2019 - PRESENT

- Building a rapport and relationship with patrons in order to provide outstanding customer experience
- Answer customer service issues promptly and ensured complete satisfaction
